PROFILE

Passionate Software Engineer with 4+ years of experience in front-end development using ReactJS. Proficient in JavaScript, HTML, and CSS. Strong problem-solving skills and ability to create user-friendly and efficient interfaces.

TECHNICAL SKILLS

ReactJS, Redux, JavaScript, ES6, HTML, CSS, MUI/Bootstrap, Git, Jira

CERTIFICATES

Front-End Web UI Frameworks and Tools: Bootstrap 4 (08/2020)
Coursera

Front-End Web Development with React (09/2020)
Coursera

AWARDS & ACHIEVEMENT

Consider it done award (Award for excellence & inspiration)
Kimball Electronics

WORK EXPERIENCE

SOFTWARE ENGINEER L2

Feathersoft info solutions

May 2023 - May 2025

- Developed and maintained cloud automation application to optimize deployment processes and improve operational efficiency.
- Developed a SaaS-based doctor appointment booking and management application.

SENIOR SOFTWARE ENGINEER

Kimball Electronics

Jan 2023 - May 2023

SOFTWARE ENGINEER

Kimball Electronics

Nov 2021 - Dec 2022

- Developed and maintained equipment monitoring and data analytics web applications using ReactJS and Redux
- Worked with RESTful APIs to integrate backend functionality with frontend interfaces.
- Utilized Git for version control and collaboration with other developers.
- Implemented performance optimizations and cross-browser compatibility testing.
- Worked collaboratively with team members in an Agile development environment
- Contributed to UI/UX design decisions and collaborated with designers to bring their visions to life.
- Implement micro-frontend architecture

ASSOCIATE PRODUCT ENGINEER

Frugal Scientific Pvt. Ltd.

Mar 2021 - Nov 2021

- Assisted in the development of a waste management platform and sales track web application using ReactJS and Redux
- Built and tested user-facing features, improving user engagement and retention.
- Worked closely with designers and product managers to ensure the implementation of high-quality interfaces.

SOFTWARE ENGINEER

Bitpro Technologies Pvt. Ltd.

Oct 2018 - July 2019

- Developed and maintained web apps and customized the open source projects
- Worked on the UI side in .net projects

PROJECTS

EMTAB

- Equipment monitoring tab is an intelligent, scalable, and customizable end-to-end IIoT platform aligned to Industry 4.0
- Implemented micro-frontend architecture(Webpack 5 - Module Federation)
- Highcharts library is used in the data analytics modules.
- The react-grid-layout library is used to add custom dashboard feature
- UI developed for machine learning deep learning features.
- Technologies: React js, Node js, .Net, Mongo DB, MySQL, InfluxDB, MQTT

CLOUDFACTORY

- Cloud automation tool to optimize deployment processes and improve operational efficiency.
- Platform that integrates AWS, Azure, and similar services, centralizing cloud service requests and simplifying cloud management and operations.
- Implemented dynamic form functionality for custom form creation, enhancing flexibility and streamlining service requests.
- Technologies: React js(Gatsby), Golang, Postgres SQL

TELEMEDICINE

- SaaS based application for doctor appointment booking and management application to streamline scheduling and patient record management.
- Implemented user authentication using Keycloak IDP, ensuring secure access to the platform.
- Technologies: React js, Golang, Postgres SQL, Docker, AWS

EASYBIN

- Reverse Logistics and Extended Producer Responsibility(EPR) Reporting Platform.
- rrule library is used for date scheduling
- <https://easybin.in/>
- Technologies: React js, Node js, Mongo DB

SALESTRAIT

- Multi-channel direct sales and marketing platform with direct payment, agent, and commission management engine
- formik library is used for form creation
- <https://www.salestrait.com/>
- Technologies: React js, Node js, Mongo DB

EDUCATION

MCA

College of Engineering Vadakara

Aug 2019 - July 2021

Course completed; 2 papers pending for degree completion

BSc Computer Science

Majlis Arts and Science College

Aug 2014 - Apr 2017
